SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't Stay Gray! Sage Tea and Sulphur Darkens Hair so Naturally that Nobody can tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff, scalp itching and falling hair stops. This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight, and you'll be delighted with your dark, handsome within a few days.

Why spend a lot of time and effort in taking pictures and then risk the results with some amateur developer? Our work is guaranteed to please.

ROBINSON SHOWS AFTER 30 YEARS

The John Robinson Ten Big Combined Shows visited Phoenix yesterday, favoring circus-goers with two performances, displayed in three rings and on two stages, that may be pronounced as the "home of perfection." This is the first visit the Robinson circus has made in Phoenix for over thirty years, and the one thing that is noticed above all is its vast increase in size, now ranking as one of the "big four" tented organizations of the country.

The talent includes numerous European acrobats, gymnasts and equestrian stars, many of whom have acts of a thrilling nature. There are several hundred performers who take part in the big show. Among a few of the features were the Nelson family of acrobats, nine in number, in an sensational act as has ever been seen under canvas. Then there was Bertha DeMare's school of educated monkeys, an act not only meritorious in the extreme, but full of laughs. Miss Mary Connors displayed remarkable work in stangles and lights on the broad back of a beautiful equine while Miss Bodini drew hearty applause with her tango horses. Capt. Kent's seals were intensely interesting as jugglers and musicians, concluding their display with "America" by a mammoth seal who played a horn as though he really enjoyed it. A troupe of Japanese drew attention with some very clever juggling of barrels with their feet while the air was full of flying arrows in all sorts of dizzy devil feats. The comedy part of the program was well taken care of by a congress of about forty clowns, without which no circus would be complete. All in all, the John Robinson circus was a good show, and Phoenix will look forward to its return, trusting it will not be another thirty years before the aggregation stops here.

DIVORCE GRANTED—Lillian Lee Brogan was granted a divorce yesterday from Roger B. Brogan on the grounds of desertion and non-support. She was also granted the custody of their seven year old son, Roger Lee. Judge Lyman signed the decree.

Y. P. B. BANQUET—The Y. P. B. banquet will be held at the W. C. T. U. building next Monday night. As all the good looking people in town will be there tickets should be bought at once, for they are going fast. Tickets can be obtained at Mr. Putney at the Y. M. C. A., also at the W. C. T. U., 287 West Monroe street.

SHOOTING AFFRAY—The shooting affray at Cave Creek will be thrashed out in Justice De Souza's court Wednesday. The defendants, Dan Steele, his son Horace Steele, Fred Rhoads and Ed. Suggs, were arraigned yesterday and their preliminary hearing set for one week from the day they first appeared in court. Their bond was placed at \$1,000 each and the bondsmen were A. L. Moore and L. M. Acott.

THE EXCURSION TO TUCSON—L. T. Sparks, of the Arizona Eastern, returned last night from Tucson, whither he had personally conducted an excursion of pupils and teachers of the Phoenix schools 271 in all. He said that the excursion was a most successful one and when he left the excursionists they were enjoying themselves and the well-known hospitality of the city of Tucson.

W. C. T. U. MEETING—Mrs. W. H. Braxton, president of the Phoenix Woman's Christian Temperance Union, issued an especial request that all members try to be present at the regular meeting this afternoon at 2:15 o'clock at 227 West Monroe street, as there is important business to be transacted. Mrs. O. C. Thompson will have charge of the program, the subject being, "Annual Flower Mission." Musical program under direction of Mrs. Imogen E. LaChance. A social hour with good things to eat will follow the regular program.

TRUTH-LIKE CAKE—There was a jam at "The Sign of the Dog" yesterday. The big storehouse of Talbot & Hubbard and the sidewalk in front were crowded at the cooking demonstration conducted by an expert chef who had been brought to show what he had done with the ranges by one who knows how, and what he showed was a revelation. The great cake which he had constructed and baked in one of the ranges was taken to the sidewalk where fifteen ladies stepped on it all at once and crushed it, but, like Truth, in similar circumstances, it rose again, and was not very long about it. When it resumed its shape there was no sign of the rough usage to which it had been subjected. Several of the ladies who witnessed the demonstration believed that it was not all in the expertness of the chef; that the range had much to do with it, and as a result several of the ranges were sold.

AUCTION BRINGS BIG PRICE ON STATE LAND

For First Time Land Commission Realizes More Than Appraised. Mrs. Carver Buys

For the first time, the land commission yesterday realized a larger price for school land than its appraisal. It sold to Mrs. Helena Carver the west half of section 16, township 1 south, range 2 east for \$2,000 at public auction. This land which lies under the Highline canal in a head of the mountains had been appraised at \$1,250. Of the 160 acres only 35 acres are in cultivation and the rest is grazing land. About thirteen acres more may be brought under cultivation. There are no improvements on the property and, of course, it has no water right. In all other sales of school lands, the minimum or appraised price was bid and accepted. In fact there were no other bidders than the owners of the improvements. Either the appraised value of the improvements deterred other bidders or else there was a sentiment that the auction should be left undisturbed in possession of the land. But in the sale of yesterday, there were several bidders.

SNOW YET FALLS ON UPPER TONTO

John McCormick, Rancher-Legislator, Wore Overcoat All Way to Desert Edge—Some Cold

An overcoat was an alright thing to wear as far as Desert Wells. Then John McCormick, one-time Arizona legislator, now rancher on the Tonto, took it off. McCormick arrived from his mountain home yesterday, bringing word of snow. It proved five whole minutes upon the Tonto hills, and it was cold, to boot. But at Desert Wells there seemed to be the dividing line between mountain and plain, and the Arctic raiment had to be stored. McCormick came down with a bang of globe falls, whom he says are all democrats and hugely interested in George Oliver.

JEFFERSONIAN CELEBRATION IS ON TONIGHT

Friends of Great American Gather Tonight at Armory to Do Him Honor on Anniversary of his Birth: Revised Program

Jefferson's friends, not merely those who profess to have adopted the essence of his political philosophy, will gather this evening to celebrate the anniversary of the birth of the great American. With speeches and song, they will be entertained, while the inner man will also be satisfied. The gathering tonight is one of many similar ones that have in the past, on several thirteenth of Aprils, assembled to do honor to the writer of the Declaration of Independence. At this annual meeting and banquet the Jefferson Society gives its excuses for being. It is the host, and everybody who attends the dinner is a member as well as a guest.

A revised program has been made necessary by the departure with the teachers of Harrison Matthews. In his place Harry Austin Davis will speak. The program as it will be presented tonight is as follows: Call to order by the president and election of officers.

"Thomas Jefferson and the Declaration of Independence," Marcy Malcolm, winner Davis medal.

"The Ideal American," Laveda Lester, winner of Weedin medal.

"Jefferson, the Constructive Statesman," Rev. W. J. Sims.

"Jefferson the Citizen," Hon. Geo. J. Stoneman.

"Jefferson and the West," Hon. Dwight B. Heard.

"The Declaration Under Discussion," Hon. H. A. Davis.

The dinner will be served by the Associated Charities.

President Thomas F. Weedin will call the meeting to order at 7:30. The place is the armory on First street, between Van Buren and Polk.

ROY MEADE MAKES A BIGGISH JUMP
From the office of mineral inspector for Uncle Sam to that of superintendent of a copper mining company is the jump made by Roy Meade of Santa Fe, who is in Phoenix today, en route to Hayden. Meade will take over the management of the old Troy-Arizona property, now known as the Arizona-Manhattan Copper company.

The workings, which are seven miles from Hayden, will be reopened and all done over to suit. Meade, who is well known here, has for some time been connected with the mineral department of the United States land office. He is a competent engineer and specially fitted to supervise the expansion of one of Arizona's copper properties.

THREE STATE BANKS ARE INCORPORATED
Three state banks were incorporated yesterday by the state corporation commission: The St. John's State Bank with a capital of \$40,000; the Arizona State Bank of Winslow with a capital of \$40,000, and the Holbrook State Bank with a capital of \$20,000. But this does not add to the number of financial institutions in the state.

These banks were branches of the Navajo-Apache Bank and Trust company, which has been taken over by President T. M. Quebedeaux of the McKinley County Bank of Gallup, New Mexico, and the owner of several banks in western Texas and New Mexico.

HIS WORK APPRECIATED—At a meeting of the board of trustees of the high school Tuesday night Principal R. Thane Cook was re-elected, together with most of the present faculty. Mr. Cook's excellent work in bringing the educational standards of the local institution up to a point where it was admitted to the list of preparatory schools for the association of the largest colleges in the union, was recognized by a material advance in salary.

"The Bread Problem" is not a problem in the home where Shredded Wheat is known. The whole wheat grain is the real staff of life, and you have it in Shredded Wheat Biscuit, prepared in a digestible form. It contains more real, body-building material than meat or eggs, is more easily digested and costs much less. The food for the up-and-coming man who does things, with hand or brain—for the kid-dies that need a well-balanced food for study or play—for the housewife who must save herself from kitchen drudgery. Delicious for breakfast, or any meal, with milk or cream. Made at Niagara Falls, N. Y.

VERDICTS VARY; CASES THE SAME

When the jury returned a verdict for the plaintiff in the case of the First National Bank of Globe versus W. W. Edwards, Dr. J. H. Hammels, Joseph E. Lohr, H. T. Duffy, Peter Mohr and Dr. O. E. Plath, there was a murmur of distinct surprise in the court room for just a moment before another jury had brought in a verdict for the defendant in a similar case on note. The victory in the former case was not long, however, for Attorney Joseph E. Jencks for the defendants discovered that the jury had failed to specify the amount and the case will have to go to trial once more. The bank was suing to recover the face value of seven notes with interest and no amount was mentioned in the verdict. After it was read by the clerk, the jury was discharged. "The case will have to be tried over again," said Mr. Jencks last evening. "While the jury brought in a verdict, it failed to specify the amount to be recovered. There were seven notes each for a certain amount and interest which the jury did not calculate. "You never can tell what a jury will do," is frequently heard in the court room but even before it was discovered that this particular jury had not returned a verdict that would stand it caused surprise and for those who were not especially concerned—amusement.

The case of the First National Bank of Globe against R. H. Fields was tried last week. The verdict was sealed and was not opened until a case along the same lines had gone to the jury. The sealed verdict was read in open court just five minutes before the second verdict was returned. The cases were identical. In the Fields suit, L. M. Laney represented Fields and the Bank was represented by Attorney McKillion of Globe and Alice M. Birdsall, who were also counsel in the second suit. The evidence in the Fields case in which judgment was given the defendant was that the Realty Securities Company pledged \$10,000 of notes made by Felix Lamm and John Armer of Gila county to the bank. The company put up Fields' notes amounting to \$2,000 for other notes for collateral security for the Lamm and Armer notes. The Lamm note was fully paid and Armer partly paid in cash and a renewal note given for the balance. This renewal note was not paid by Armer nor the Realty Securities company and the bank attempted to enforce collection on Fields' notes put up as collateral. The defense offered was that Fields had not received any value for his notes and the original Armer indebtedness had been completely paid, partly in cash and partly by Armer giving a new and definite note.
